

Whole School Child Protection Policy

September 2025/2026

INTRODUCTION

Launde Primary School

Policy statement and principles

At Launde Primary School, our foremost priority and unwavering commitment is to safeguard and promote the welfare of every child within our care. We believe that every child has the right to feel safe, happy, and valued, and we are dedicated to creating a secure and nurturing environment where all pupils can thrive. This commitment underpins every aspect of school life, from our curriculum to our daily interactions. We ensure that appropriate policies and procedures are rigorously in place, reflecting and detailing our comprehensive safeguarding arrangements, and we commit to taking timely and effective action to protect and promote children's welfare in all circumstances.

Our Safeguarding Team

Launde Primary School has a dedicated and highly trained safeguarding team. All members of the Senior Leadership Team (SLT) are Designated Safeguarding Leads (DSL) or Deputy Designated Safeguarding Leads (DDSL), ensuring there is always a trained member of staff available to respond to safeguarding concerns.

- **Shelley Meer, Headteacher and Designated Safeguarding Lead (DSL):** As the Headteacher, Shelley holds the overall strategic lead for safeguarding and child protection within the school. She is responsible for ensuring all safeguarding policies and procedures are robust, compliant, and effectively implemented, providing ultimate oversight and accountability for the safety and well-being of all pupils.
- **Clare Johnston, Deputy Headteacher and Deputy Designated Safeguarding Lead (DDSL):** Clare supports the Headteacher in the overall strategic leadership of safeguarding. She serves as a primary point of contact for staff in the absence of the DSL and provides operational oversight of day-to-day safeguarding practices and responses.
- **Alice Smith, Teaching and Learning Lead and Deputy Designated Safeguarding Lead (DDSL):** Alice focuses on integrating safeguarding principles into the teaching and learning environment, including curriculum content, pupil well-being initiatives, and ensuring that educational provision supports and identifies potential safeguarding concerns.

Other Deputy Designated Safeguarding Leads (DDSL)

In addition to the Senior Leadership Team, other key staff members hold DDSL responsibilities, providing additional points of contact and expertise across the school:

- **Jamal Mukadam, Year 6 Teacher, PE/Sports Lead and OPAL Lead:** Jamal is a DDSL with a specific focus on ensuring safeguarding practices are upheld during PE, sports, and playtime. As OPAL Lead, he is responsible for safeguarding during lunchtimes, and together with Mark, is responsible for providing ongoing staff CPD to ensure safeguarding is a priority for everyone, all day, every day.
- **Mark Woodhead, Year 6 Teacher, English Lead and Marking and Feedback Lead:** Mark is a DDSL with a focus on integrating safeguarding within the English curriculum and is responsible for providing staff with ongoing CPD to ensure safeguarding is at the top of everyone's agenda, all day, every day.
- **Sal Pallett, Inclusion and Community Coordinator:** Sal is responsible for working closely with parents and carers. She is a DDSL with a focus on managing safeguarding concerns that may involve pupils' families and ensuring effective communication and support networks are in place.
- **Treece Mason, Before and After School Provision Leader:** Treece is a DDSL with specific responsibility for safeguarding within the before and after-school provision. They ensure that the same high standards of child protection are maintained outside of the regular school day.

Key Safeguarding Policies and Procedures

Our comprehensive approach to safeguarding is supported by a robust framework of policies and guidance, which we strongly advise all staff to familiarise themselves with. These include, but are not limited to:

- **Staff Behaviour Policy (Code of Conduct)**
- **Safer Recruitment Policy**
- **Allegations Against Staff Policy**
- **Complaints Policy**
- **Pupil Behaviour Policy**
- **Children Missing Education Policy**
- **Online Safety Policy**
- **Child-on-Child Abuse Policy**
- **Sexual Violence and Sexual Harassment Between Children Policy and Procedures**
-

These policies detail our operational procedures, responsibilities, and the timely actions required to ensure the continued safety and well-being of all pupils at Launde Primary School.

This Child Protection Policy will be reviewed by the Senior Designated Safeguarding Lead *Mrs Shelley Meer* on a regular basis to ensure it remains current and incorporates all revisions made to local or national safeguarding guidance. This policy will as a minimum be fully reviewed as a minimum once a year during the autumn term provided to the *Governing Body* for approval and sign off at the first autumn term meeting.

School

1. Purpose and Aims

- 1.1 Our policy applies to all staff, governors and volunteers working in the *school* and takes into account statutory guidance provided by the Department for Education and local guidance issued by the Leicestershire Safeguarding Children Partnership.
- 1.2 We will ensure that all parents/carers are made aware of our responsibilities regarding child protection procedures and how we will safeguard and promote the welfare of their children through the publication of this *school* child protection policy. These duties and responsibilities, as set out within the Education Act 2002 sec175 and 157, DfE Statutory Guidance Keeping Children Safe in Education 2025 and HM Working Together to Safeguard Children 2023 are incorporated into this policy.

2. Child Protection and Safeguarding Statement

- 2.1 We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We will endeavour to provide a safe and welcoming environment where children are respected and valued. We will be alert to the signs of abuse, neglect and exploitation and follow our procedures to ensure that children receive effective support, protection, and justice.
- 2.2 The procedures contained in this policy apply to all staff, supply staff, volunteers, and *governors* and are consistent with those Leicester and the Leicestershire and Rutland Safeguarding Children Partnerships.

3. Maintaining a child centred and coordinated approach to safeguarding:

- 3.1 Everyone who works at *school* understands they are an important part of the wider safeguarding system for children and accepts safeguarding and promoting the welfare of children is everyone's responsibility and everyone who comes into contact with children and their families has a role to play. To fulfil this responsibility effectively, all our staff, including supply staff and volunteers will ensure their approach is child-centred and will be supported to consider, at all times, what is in the best interests of the child.
- 3.2 We recognise no single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information, and taking prompt action.
- 3.3 **Safeguarding children is defined as:** The actions we take to promote the welfare of children and protect them from harm are everyone's responsibility. Everyone who comes into contact with children and families has a role to play.

4. Safeguarding and promoting the welfare of children

4.1 Defined as:

- Providing help and support to meet the needs of children as soon as problems emerge.
- Protecting children from maltreatment, whether that is within or outside the home, including online.
 - Preventing the impairment of children's mental and physical health or development.
 - Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
 - Taking action to enable all children to have the best outcomes.
- **NB Definition:** Children includes everyone under the age of 18.

5. Whole *school* approach to safeguarding:

- 5.1 We understand the importance every member of our staff has through their contact with children in and outside of our school environment and the particular importance of the roles and relationships they have which places them in a position to identify concerns early, provide help for children and promote children's welfare and prevent concerns from escalating.
- 5.2 As a *school* we have a responsibility to provide a safe environment in which children can learn.
- 5.3 We will make every effort to identify children who may benefit from early help and put in place support as soon as a problem emerges at any point in a child's life.
- 5.4 **Any staff member** who has **any** concerns about a child's welfare should follow the processes set out in this child protection policy and raise concerns with the designated safeguarding lead or deputy without delay.
- 5.5 All our staff should expect to support social workers and other agencies following any referral, especially if they were involved in being alert to or receiving a disclosure of risk, harm or abuse or harassment from a child.
- 5.6 Our senior designated safeguarding lead will provide support to staff to carry out their safeguarding duties and who will liaise closely with other services such as children's social care, police, early help, and health where required, as the designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns.

6. Safeguarding is not just about protecting children from deliberate harm. It also relates to the broader aspects of care and education including:

- Pupils' health and safety and emotional well-being, and their mental and physical health or development.
- Meeting the needs of children with special educational needs and/or disabilities.
- Meeting the legal duties on *the school* under the Equality act: will not unlawfully, discriminate against pupils or students based protected characteristics; we will carefully consider how we support pupils/students regarding particular protected characteristics; we will take positive action to deal with particular disadvantages affecting pupils or students (*as see paragraphs 86-89*)
- Where a child receives elective home education and has an EHCP, the LA should review the plan working with parents and carers.
- The use of reasonable force.
- Meeting the needs of children with medical conditions.
- Providing first aid.
- Educational visits and off- site education.
- **Alternative Provision placements**
- Intimate care and emotional wellbeing.
- On-line safety and associated issues including filtering and monitoring in accordance with DfE monitoring standards.
- Appropriate arrangements to ensure school security, considering the local context.
- Keeping children safe from risks, harm, exploitation and sexual violence and sexual harassment between children: KCSiE 2025 Annex A.

7. Safeguarding can involve a range of potential issues

7.1 Such as:

- Neglect, physical abuse, sexual abuse, emotional abuse and exploitation.
- Contextualised also known as extra-familial abuse.
- Bullying, including online bullying (by text message, on social networking sites, and prejudice-based bullying and being aware of the ease of access to mobile phone networks.
- The approach to online safety, including appropriate filtering and monitoring on *school* devices and *school* networks for home use.
- Going frequently missing and who are 'absent from education' going 'missing from care or home' and the risks this poses on repeat occasions and for prolonged periods.
- Domestic Abuse including teenage relationship abuse.
- Domestic Abuse including where they see, hear or experience its effects.
- Racist, disability- based, homophobic, bi-phobic, or transphobic abuse.
- Gender based violence/violence against women and girls.
- Risk of extremist behaviour and/or radicalisation and susceptible to being at risk of being drawn into terrorism.
- Child sexual exploitation, human trafficking, modern slavery, sexual or criminal exploitation.
- A young carer.
- Has a mental health need and has an effect on school attendance and progress.
- Has special educational needs (whether or not they have a statutory Education Health and Care Plan (EHCP).
- Privately fostered.
- Has returned home to their family from care.
- Has a family member in prison or is affected by parental offending.
- Child-on-Child Abuse (broadened by KCSiE 2025 to include children abusing other children, other varying form of bullying including online and sexually harmful behaviour, sexual violence, and sexual harassment (further defined in KCSiE 2025 Part Five).
- Harm outside the home extra familial harm.
- The impact of new technologies, including 'sexting' and accessing pornography.
- **The impact of generative artificial intelligence**

- **Exposure to misinformation, disinformation (including fake news) and conspiracy theories**
 - Issues which may be specific to a local area or population, is showing signs of being drawn into anti-social or criminal behaviour, including gang activity or involvement and associations with organised crime groups or county lines.
 - In possession of a knife and or involved in knife crime, youth violence, criminal child exploitation (CCE).
 - Is in family circumstances which present challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse/harm.
 - Is at risk of or from serious violence and violent crime.
 - Persistent absence from education, including persistent absence for part of the school day.
 - At risk of suspension or permanent exclusion
 - Particular issues affecting children including domestic abuse and violence, female genital mutilation, and honour-based abuse.
 - Being subject to any conduct where the purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats, or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages (Law change on Forced Marriage, February 2023).
 - 'Upskirting'- The Voyeurism (Offences) Act, which is commonly known as Up-skirting Act, came into force on 12 April 2019. Upskirting is a criminal offence and reportable by all teachers (KCSiE Annex A).
- 7.2 All our staff and volunteers are aware of the indicators of abuse, neglect and exploitation and know what to look for is vital for the early identification so that support can be put in place. Our staff and volunteers are also aware of the specific safeguarding issues that indicate or inform of concerns or incidents linked to child criminal exploitation and child sexual exploitation and know to report concerns directly to the designated safeguarding or a member of the senior leadership team should the designated safeguarding lead not be available for children who may be in need of help or protection.
- 7.3 Our staff recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. Children may also feel embarrassed, humiliated, or could be being threatened not to tell, so not feel able to share what is happening to them. Alternatively, we recognise children may not want to make a disclosure or talk about what is happening due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child and agree a way forward to support the child and determine how best to build trusted relationships with children and young people which facilitate good opportunities for communication.
- 7.4 **All staff should always** speak to the designated safeguarding lead, or deputy at the earliest opportunity.
- 7.5 As a *school* we are aware that abuse, neglect, and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another, therefore all staff should always be vigilant and always raise any concerns with the designated safeguarding lead (or deputy).
- 7.6 **All staff should be aware that** safeguarding incidents and/or behaviours can be associated with factors outside the *school* and/or can occur between children outside of our school environment.
- 7.7 All our staff have received information and training regarding the risks that can take place outside the child's family. This is known as extra-familial harm and these can take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.
- 7.8 Our staff are aware that technology offers many opportunities but is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around

chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.

- 7.9 All our staff have 'an understanding of the expectations, applicable to their roles and responsibilities in relation to filtering and monitoring' of ICT systems and regular monitoring of school's equipment and networks.

8. Online Safety

- 8.1 Our school approach to online safety, including appropriate filtering and monitoring on school devices and school networks is reflected in this Child Protection Policy including awareness of the ease of access to mobile phone networks. (See KCSiE 2023 Paragraph 138).
- 8.2 Our Senior DSL and the DSL team has the lead responsibility in this area, which is overseen and regularly reviewed by the Governing body/ trust, along with considering the number of and age range of their children, those who are potentially at greater risk of harm, and how often they access the IT system along with the proportionality of costs versus safeguarding risks.
- 8.3 Our Governing body/Trust will ensure they maintain oversight of the Online Safety Policy contained within our main child protection policy, and the arrangements put in place to ensure appropriate filtering and monitoring on school devices and school network. The appropriateness of any filtering and monitoring systems will in part be informed by the risk assessment required by the Prevent Duty as required by KCSiE 2025 paragraph 140-150.
- 8.4 This will include:
- identify and assign roles and responsibilities to manage filtering and monitoring systems.
 - review filtering and monitoring provision at least annually.
 - block harmful and inappropriate content without unreasonably impacting teaching and learning.
 - have effective monitoring strategies in place that meet the *school* safeguarding need.
 - review and discuss the standards with the leadership team, IT staff and service providers to ensure the school/college meets the standard published by the Department for Education filtering and monitoring standards.
- 8.5 At Launde Primary School, we use **Netsweeper** as our filtering provider to ensure our online environment is safe for everyone. To verify that our filtering system is compliant and effective, we check our filtering status once a fortnight during our Designated Safeguarding Lead (DSL) meetings using the website <https://testfiltering.com/> and recorded as part of the minutes. Additionally, our online monitoring system, **SENSo**, is actively used to monitor computer activity. This system is monitored daily by the Senior Leadership Team (SLT), with alerts set up to notify us of any issues related to children's and staff's use of school computers. The information gathered from this monitoring is also a key discussion point during our fortnightly DSL meetings to ensure ongoing vigilance and responsiveness to any concerns.
- 8.6 As a key part of this commitment, we use the online safety curriculum **ProjectEVOLVE**. This curriculum is based on materials provided by ProjectEVOLVE and is supplemented with insights from Leicestershire County Council to ensure it is as broad and robust as possible. This dynamic approach allows us to address the latest online habits and emerging issues. Our Online Safety lessons are integrated into our computing curriculum, with children receiving a dedicated online safety session every fourth week. The full **Online Safety Curriculum** document, detailing the progression of learning across all year groups, is available for all staff to view. [Launde E Safety Safety Curriculum](#)
- 8.7 Our Governing body/trust will ensure a review is maintained to ensure standards. They will discuss with IT staff and service providers these standards and whether more needs to be done to support our school/college in meeting and maintaining these standards and communicating these to staff, our *pupils*, parents, carers and visitors to the school who provide teaching to children *as part of the learning and educational opportunities we provide*.

- 8.8 Our Senior DSL and the DSL team will always act in the ‘best interest of the child’ and remain mindful of the importance with parents and carers about safeguarding concerns held for children and in particular children’s access to online sites when away from *school*.
- 8.9 We will support understanding of harmful online challenges and hoaxes and share information with parents and carers and where they can get help and support.
- 8.10 All forms of abuse or harassment will be reported in accordance with national safeguarding guidance, and we will take a ‘zero tolerance’ approach to harassment and abuse as informed in KCSiE 2025.
- 8.11 As a *school* should an incident or disclosure be made by a child, our staff will always reassure the child (victim) that they are being taken seriously and that they will be supported and kept safe, but we recognise that not every victim will view themselves as such. We will also be mindful of the use of other terminology such as ‘**alleged perpetrator(s)**’ or ‘**perpetrator(s)**’ as in some cases the abusive behaviour will have been harmful to the perpetrator as well.
- 8.12 We will do our best to ensure children understand the law on child-on-child abuse is there to protect them rather than criminalise them. In doing this we will discuss with relevant statutory safeguarding agencies to ensure all concerns or incidents are addressed fully, and where required different types of assessment and services are put in place where required and in accordance with the Pathway to Provision v 9.1.

9. Identifying Concerns

- 9.1 All members of staff, volunteers and governors will be aware of indicators of abuse, neglect and exploitation, will know how to identify pupils who may be being harmed and then how to respond to a pupil who discloses abuse, or where others raise concerns about them. Our staff will be familiar with procedures to be followed and will receive safeguarding and child protection (including online safety) updates.
- 9.2 Staff understand that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition, and that in most cases multiple issues will overlap with each other. Staff who regularly come into contact with children are aware of the DfE guidance [What to do if you're worried a child is being abused](#)
- 9.3 The four main categories of child abuse are as follows:
1. Physical Abuse
 2. Emotional Abuse
 3. Sexual Abuse
 4. Neglect

10. Indicators of abuse, neglect and exploitation:

- 10.1 **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects.
- 10.2 **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- 10.3 **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child’s emotional development. It may involve conveying to a child they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views,

deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectation being imposed on children. These may include interactions that are beyond a child's developmental capability as well as over protection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

10.4 **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbations, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children to look at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as child-on-child abuse) in education and **all** staff should be aware of it and of their school or colleges policy and procedures for dealing with it.

10.5 **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to; provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

10.6 **Child Criminal Exploitation:** occurs where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18. The victim may have been criminally exploited even if the activity appears consensual.

Child Criminal Exploitation does not always involve physical contact; it can also occur through the use of technology. Criminal exploitation often happens alongside sexual or other forms of exploitation.

Child Criminal Exploitation is broader than just county lines and includes for instance children forced to work on cannabis farms, to commit theft, shoplift or pickpocket, or to threaten other young people.

10.7 **Child Sexual Exploitation (CSE):** is a type of sexual abuse. It happens when a child or young person is coerced, manipulated or deceived into sexual activity in exchange for things that may need or want like gifts, drugs, money, status and affection.

10.8 **Domestic Abuse**

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

Female Genital Mutilation (FGM)

Whilst all staff should speak to the designated safeguarding lead (or a deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police.

Mental Health

All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Schools and colleges can access a range of advice to help them identify children in need of extra mental health support, this includes working with external agencies. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken to follow their school or college's child protection policy and by speaking to the designated safeguarding lead or a deputy.

Serious violence

All staff should be aware of the indicators, which may signal children are at risk from, or are involved with, serious violent crime. These may include increased absence from school or college, a change in friendships or relationships with older individuals or groups, a significant decline in educational performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

11. Safeguarding issues:

- 11.1 All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and or alcohol misuse, deliberately missing education unexplainable and/or persistent absences from education and consensual and non-consensual sharing of nudes and semi-nude images and/or videos can be signs that children are at risk.
- 11.2 Staff are also aware of issues relating to different social media platforms, on-line abuse and the risks related to criminal and sexual exploitation, grooming and radicalisation (the latter through the school's Extremism and Radicalisation Policy, for example). All staff remain vigilant regarding changes in pupil's behaviour, however small and are encouraged to seek advice from the DSL or DDSLs regarding concerns they have. This includes pupil wellbeing and mental health issues.
- 11.3 As a school, we take our responsibilities regarding filtering and monitoring very seriously, in line with the additional requirements set out in KCSiE 2025 (paragraph 142). We understand the greater responsibility to ensure children can access and use different media platforms safely. All computers, laptops, and iPads within the school are equipped with a robust filtering system. This system is regularly checked by our Designated Safeguarding Leads (DSLs) and Senior Leadership Team (SLT) to ensure its effectiveness and that it aligns with our safeguarding policies. Furthermore, every computer, staff device, and pupil device is monitored by SENSO, which actively tracks and reports any usage that falls short of our expectations or breaches our acceptable use policy. This vigilant approach helps us to identify and address potential online risks promptly.
- 11.4 Our school ethos demonstrates that the effective safeguarding of children can only be achieved by putting children at the centre of a system where we listen and hear what they say. Every individual within Launde Primary School will play their part, including working with professionals from other agencies, particularly social workers, to meet the needs of our most vulnerable children and keep them safe. We will take opportunities to teach children about important safeguarding issues in a way that is age appropriate.
- 11.4 At Launde Primary School, children are at the heart of our safeguarding arrangements. We are committed to listening to and hearing the child's voice through various channels. Our School Council provides a platform for pupils to raise issues and contribute to school life. We regularly complete pupil questionnaires to gather feedback on their experiences and feelings about safety

at school. To ensure open communication, we hold safeguarding themed assemblies that empower children with the knowledge and confidence to speak out about their concerns. We also have a dedicated safeguarding page on our website that clearly explains our procedures to parents and the wider community. Furthermore, a clear section in our parent handbook outlines our safeguarding responsibilities. Our PSHE curriculum is carefully linked to safeguarding concerns, ensuring that pupils are taught how to keep themselves safe and know who to turn to for support.

- 11.5 Our *school* is led by senior members of staff and *governors* whose aims are to provide a safe environment and vigilant culture where children and young people can learn and be safeguarded. If there are safeguarding concerns, we will respond with appropriate action in a timely manner for those children who may need help or who may be suffering, or likely to suffer, significant harm.
- 11.6 Where staff members have concerns about a child (as opposed to a child being in immediate danger) they will decide what action to take in conjunction with the Snr Designated Safeguarding Lead. Although we advocate that any staff member can make a referral to children's social care or First Response, especially where a child is identified as being in immediate danger, they should however ensure that the Designated Safeguarding Lead (DSL), or a member of the senior leadership team is informed as soon as possible.
- 11.7 We also ensure that all our staff are clear that whilst they should discuss and agree with the DSL any actions to be taken, they are able to escalate their concerns and contact First Response, First Response Consultation Line or social care to seek support for the child if despite the discussion with the DSL their concerns remain. Staff are also informed of the *school* whistle blowing procedures and the contact details for the Local Authority LADO and NSPCC helpline.
- 11.8 At Launde Primary School, we are dedicated to supporting children and families through a range of facilitated meetings to ensure easy local access and involvement. Our Senior Leadership Team, including the DSL team and the SENCo, lead meetings such as Team Around the Child (TAC) meetings to coordinate support for individual pupils. Our Inclusion and Community Coordinator, Sal Pallett, plays a crucial role by closely liaising with parents and carers. She is available to speak with families who have concerns and acts as a link between them and external agencies. The SENCo and DSLs are all familiar with and supportive of external agencies, acting as a supportive yet fair advocate for the parents and carers involved. Our DSLs are also regular attendees at any initial Child Protection meetings or Child in Need (CIN) meetings. Any actions recommended at these meetings are meticulously recorded on our CPOMS system and are discussed with all relevant members of staff, including other DDSLs and the child's class teacher. These meetings are meticulously recorded by the DSL team. A review process is in place, through our bi weekly DSL meetings, to track the actions agreed upon, and the DSL team ensures a clear "closing the loop" procedure once all actions are completed and the concerns are resolved.

12. Alternative providers and other agencies

12.1 Multi-agency working is key to effective safeguarding and child protection and it is therefore vital that practitioners work together to gain a full overview of a child's situation and have a co-ordinated approach to support. At Orchard, we typically work with the following agencies:

- Social Care, Social Workers & Family Support Workers
- Police
- NSPCC
- Local Safeguarding Children Boards
- Health Visitors

- Medical Staff
- Child Psychologists

The school also engages in partnership forums and events with other professionals to keep up to date with best practice in partnership working.

Depending on the level of Social Care intervention, there will be a range of meetings co-ordinated by the Social Care Team which DSLs attend, Core Group meetings, Child Protection Conferences, meetings with professionals in schools. The school may also offer to facilitate meetings for individual children and families in school to support easier local access and involvement by children, parents and or carers. The frequency of meetings will vary according to the level of support.

12.2 School will agree the Alternative Provision with the Flying High Partnership, parents/carers and relevant external agencies. School completes the FHP Alternative Provision checklist and the Alternative Provision Transition Plan as part of Due Diligence ensuring written confirmation from the provider that appropriate safeguarding checks have been carried out. Senior school staff including members of the school safeguarding team will regularly visit to monitor the provision in place including the effective safeguarding arrangements within the provision.

12.3 Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider can meet the needs of the pupil.

12.4 Children who attend alternative education often have complex needs, it is important governing bodies/trusts and designated safeguarding leads ensure children are fully always supported, and the alternative setting is aware of any additional risks of harm that pupils may be vulnerable to. Information sharing for pupils who receive education provision outside of a mainstream setting is vital to support the child and ensure the learning environment where they are placed has all necessary information for the child before they access the provision. The working together principles are key to keep the child safe and understanding the vulnerabilities needing to be supported. This should include up to date contact details for the professionals working with the child and family.

12.5 Schools should also obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff.

12.6 Launde Primary School has no pupils in Alternative Provision Currently.

12.7 When placing a child in an Alternative Provision, our school works closely with the Local Authority to ensure the child has the right opportunities. As the commissioning school, the pupil remains our responsibility. We work diligently with the Alternative Provision to ensure the child's safety and well-being are prioritised². This includes regular communication and collaboration to monitor their progress and to address any concerns.

12.8 The Senior Designated Safeguarding Lead (DSL) or headteacher, who is familiar with national and local guidance, will share concerns, where appropriate, with the relevant agencies.

12.9 The DSL or DDSLs share concerns, following the Trust Code of Conduct and GDPR policies and procedures, with external agencies in a timely manner. Permission will always be sought except in the case where doing so would knowingly place a child at risk. Such agencies may include (list not exhaustive): Social Services, Children and Family Wellbeing, Early Help, medical professionals such as GPs or Pediatricians, SENA, Leicestershire Educational Psychologists, the Police Service, CHANNEL. with the relevant agencies including Social Care, other educational establishments, the police or medical professionals/health care teams. We do this through the following means:

- Secure email e.g. Egress
School email
- Phone Correspondance
- Teams/Zoom Meetings

- F2F meetings

12.10 Schools should always know where a child is based during school hours. This includes having records of the address of the alternative provider and any subcontracted provision or satellite sites the child may attend.

12.11 We do not buy into any services currently e.g. EWO.

12.12 The school *does* let the site out to be used by outside organisations. Leaders of these organisations receive copies of our Safeguarding and Whistleblowing Policies as part of their letting pack. It is the responsibility of the DSL or person in charge of the organisation to pass to concern / allegation to the DSL at Launde Primary related to any incident that happens when an individual or organisation is using the school premises for the purpose of running activities for children (e.g. community groups, sports associations or service providers that run extra-curricular activities). As with any safeguarding allegation, the school will follow the safeguarding policies and procedures, including informing the LADO, for any safeguarding issue relating to an outside organisation.

CPD, culture and ethos

13.1 At Launde Primary School, we ensure all staff, including supply staff and volunteers, receive appropriate safeguarding information through a comprehensive and multi-faceted approach. Upon arrival, all visitors and volunteers must read a leaflet on our online checking system and confirm they have read it before signing in. For regular volunteers, we require them to complete the annual safeguarding training on the National College and undergo an induction with a member of the Senior Leadership Team (SLT). For supply staff, a safeguarding and information pack is provided each time they work with us, which includes details on the DSL team and how to report concerns. Due diligence checks are conducted by the office, including booking details and letters of assurance, and a school induction is completed before they enter the classroom. The SLT provides supervision and support to all staff throughout the day. We maintain regular communication with all staff to ensure safeguarding remains a top priority; this includes sharing updates, articles, and new information in weekly briefings. To check understanding, we conduct small-stakes quizzes, ask on-the-spot questions, and perform annual Trust Safeguarding Audits. Furthermore, our DSL team meets bi-weekly to ensure consistency of knowledge, and safeguarding is a standing item on the agenda for every governor meeting.

13.2 In compliance with Keeping Children Safe in Education (KCSiE) guidance, Launde Primary School is committed to the safe recruitment of all staff and maintaining ongoing vigilance to ensure a culture of safeguarding¹. We have trained staff in safer recruitment, including a Senior Leader and a governor. Our safe recruitment processes include a range of pre-appointment checks to ensure the suitability of all prospective employees. Beyond recruitment, we maintain continuous vigilance by considering staff conduct both inside and outside the workplace, including their online behaviour, to ensure a safe environment for all pupils. This culture of vigilance ensures children can thrive and take maximum benefit from their education and learning experiences.

Responsibilities of the DSL/DSL Team

- 14.1 The Senior DSL and deputies (DSL team) maintains a key role in raising awareness amongst staff about the needs of children who have or who have had a social worker and the barriers that those children might experience in respect of attendance, engagement and achievement at schools or college. This should include children under kinship care.
- 14.2 The Senior DSL along with the Designated Teacher can inform the Governing body and Headteacher the number of children in their cohort who have or who have had a social worker and appropriate information is shared with teachers and staff on individual children's circumstances.
- 14.3 The Designated Teacher and Senior Designated Safeguarding Lead maintain data for children who have looked after status and for children who have been involved in the care system.

- 14.4 The Designated Teacher maintains good links with the Virtual School Head to promote the educational achievement of previously looked after children. The role of virtual school heads was extended in June 2021, to include a non-statutory responsibility for the strategic oversight of the educational attendance, attainment, and progress of children with a social worker. The virtual school head should identify and engage with key professionals, helping them to understand the role they have in improving outcomes for children. This should include Designated Safeguarding Leads, social workers, headteachers, governors, Special Educational Needs Co-ordinators, mental health leads, other local authority officers.
- 14.5 The school has a Designated Teacher, who is also a DSL. As outlined in the school's Designated Teacher for Looked After Pupils policy, the Designated teacher is responsible for liaising with the Virtual School, the pupil's Social Worker, including how pupils are supported at Orchard, are outlined in the Designated Teacher for Looked After Pupils policy.
- 14.6 This includes allocating funds for academic tutoring, emotional counselling, or other necessary interventions to promote their well-being and success.
- 14.7 To ensure children with Special Educational Needs and Disabilities (SEND) are effectively supported and safeguarded, our school maintains strong working partnerships with a range of specialist organizations, as highlighted by the SEND Code of Practice. These partnerships are crucial for providing advice, professional development for staff, and direct support to pupils and their families.

External Support Services

We have established a network of support services that we can call upon to address the diverse needs of our pupils. These services include:

Speech and Language Team: For pupils with communication and language difficulties.

Hearing Impairment Team: To support pupils with hearing loss.

Visual Impairment Team: To assist pupils with visual impairments.

Educational Psychologists: Who provide assessments and a wide range of support for learning and emotional needs.

Autism Outreach Team: Specialising in strategies and support for pupils on the autism spectrum.

Dyslexia Team: Providing expert advice and resources for pupils with dyslexia.

These professional partnerships are integral to our safeguarding strategy. We use these services to gain expert advice on complex cases, access CPD (Continuing Professional Development) for our staff, and work directly with parents and carers. This collaborative approach ensures that pupils with SEND receive the targeted support they need, both within and outside of school, reducing their vulnerability and ensuring they are safeguarded from potential risks.

15 The seven main elements of our Child Protection Policy

15.1 There are seven main elements to our policy:

- Providing a safe environment in which children can learn and develop.
- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases of abuse in and outside of school.
- Supporting pupils who have social care involvement in accordance with his/her child in need plan, child protection plan or are subject to Local Authority Care.
- Raising awareness of safeguarding children, child protection processes and equipping children with the skills needed to keep them safe in and outside of school.
- Working in partnership with agencies and safeguarding partners in the 'best interest of the child.'
- Ensuring we have appropriate policies and procedures to deal with child-on-child sexual violence and sexual harassment, including those that have happened outside of the school

premises and/or online, forms of harassment and harmful sexual behaviour. Filtering and monitoring arrangements for online safety and harms are included within the main policy

16. Providing a safe environment

16.1 We recognise that because of the day-to-day contact our school have with children they and we are well placed to observe the outward signs of abuse.

16.2 The school will therefore:

- Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to and heard.
- Ensure children know that there are trusted adults in the school who they can approach if they are worried.
- Ensure that every effort is made to establish effective working relationships with parents, carers, and colleagues from other agencies.
- Include opportunities in the RSHE curriculum for children to develop the skills they need to recognise and stay safe from abuse by:
- Recognise and managing risks including online safety, radicalisation and extremism, sexual exploitation, child on child sexual violence and sexual harassment, the sharing of nude and semi - nude images which has replaced what was termed as sexting.
- Support the development of healthy relationships and awareness of domestic violence and abuse, recognising that Domestic Abuse can encompass a wide range of behaviours and may involve a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial, or emotional harm and children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.
- Recognising how pressure from others and safeguarding vulnerabilities can affect their behaviour.
- Recognising the link between mental health, school attendance and children 'absent from education' and the impact on learning, progress, and educational attainment.
- Knowing that as a school we will act swiftly to address any concerns related to serious violence, gang and knife crime or child on child sexual violence or sexual harassment incidents.
- Ensuring our behaviour policy includes measures to prevent bullying, including cyberbullying, harmful online challenges, hoaxes, prejudice-based and discriminatory bullying and use of social media platforms and networks – see policy
- Maintain an on-line safety policy which address statutory filtering and monitoring standards, which consider remote learning, and use of mobile and smart technology and is reviewed regularly to take into account any new threats. Our policy references the **DfE guidance for Generative Artificial Intelligence** to ensure our approach is aligned with national educational standards and best practices for the safe and effective use of this technology included within the main Child protection policy.
- The response required by schools and safeguarding agencies to address any 'harm outside the home' also known as 'extra familial harm.' Schools are a place of protection and where children and young people can share concerns and seek support and are place of safety and where children and young people can form safe and trusted relationships. Through creating a whole school ethos and sharing excellent communication with safeguarding partners and services, children and young people can feel assured they will be listened to, heard, and offered support to enable them share sensitive information and strengthen their resilience.
- Importance of our school ethos of working together with parents, carers, and external services to form strong and trusted partnerships which can advocate trauma informed and trauma aware responses and where trusted relationships can be formed and go on to create safe places and spaces within the community, so children and young people know how to access a place of safety outside of the school/college environment if needed.
- The school will access online resources and organisations for support with 'Harm Outside the Home'. For example: (<https://www.childexploitationeastmidlands.org.uk/>), contacting staff from these organisations as necessary to seek advice.
- The school seeks support from outside agencies to tackle harm outside the home e.g. local support groups, Child and Adolescent Mental Health Services, police, children's services.

- At Launde Primary School, aspects relating to Safeguarding are embedded in our curriculum. Through RSE, PSHE, Computing, assemblies and other curriculum opportunities (surveys, events, celebrations, visitors), pupils are helped to talk about their feelings, know about their rights and responsibilities, understand and respond to risks, to deal assertively with pressures and know who they can turn to for advice and help both in and out of the school and how to make a complaint. The following areas are addressed specifically within PHSE, Science, IT, RSE and in the wider curriculum (including British Values):
 - Bullying, including cyber-bullying, peer on peer abuse and up skirting
 - E safety
 - Road, fire and water safety
 - Inter-personal relationships and domestic abuse (Y5/6)
 - Child sexual exploitation (CSE), online and offline (Y5/6)
 - Honour based abuse and forced marriage (Y5/6)
 - Radicalisation and extremism (Y5/6)

We will

- Take all reasonable measures to ensure any risk of harm to children's welfare is minimised inside and outside of the *school* environment.
- Take all appropriate actions to address concerns about the welfare of a child, working to local policies and procedures in full working partnership with agencies.
- Ensure robust child protection arrangements are in place and embedded in the daily life and practice of the school.
- Promote pupil health and safety.
- Promote safe practice and challenge unsafe practice.
- Ensure that procedures are in place to deal with allegations of abuse against teachers and other staff including volunteers, supply staff and contractors. KCSiE Part Four has two sections, the second section addresses low-level concerns.
- Provide first aid and meet the health needs of children with medical conditions.
- Ensure school site security.
- Address drugs and substance misuse issues.
- Support and plan for young people in custody and their resettlement back into the community.
- Work with all agencies regarding missing children, anti-social behaviour/gang activity and violence in the community/knife crime and children at risk of sexual exploitation.
- Everyone having a duty to safeguard children inside/outside the school environment including school trips, extended school activities, vocational placements, and alternative education packages.

17 Additional measures

- 17.1 The school does not use any Alternative Provision and should it do so in the future, this policy would be reviewed in line with the latest KCSiE requirements.
- 17.2 The school uses a tiered system of support for pupil's mental health and wellbeing. Teaching and learning staff report concerns to the safeguarding team regarding children with mental health concerns. The DSL and safeguarding team take further action to support pupils and their families.

- 17.3 Children at Launde Primary can name at least 1 trusted adult they can talk to. Children who may be LGBT are no exception to this and will have a trusted adult who they can be open with. All pupils are taught to be inclusive and discrimination is not accepted and will not be tolerated in our school towards those perceived to be LGBT.
- 17.4 Child abduction and community safety incidents – Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends, and acquaintances); and by strangers. Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation. Pupils are educated and given practical advice about not talking to strangers (including how to stay safe when walking independently to and from school in Year 6.) Parents are alerted should any suspicious activity occur around the school or local area that raises concerns.

18 Procedures for identifying and reporting cases

We will follow the procedures set out by the Leicestershire and Rutland Safeguarding Children Partnership (LRSCP) and take account of guidance issued by the DfE in Keeping Children Safe in Education 2025 to:

- Ensure we have a Senior Designated Safeguarding Lead (DSL), who is a member of the school/college leadership team, and a Deputy Safeguarding Lead for child protection/safeguarding who has received appropriate training and support for this role.
- The Designated Safeguarding Lead role is written into their job description and clarifies the role and responsibilities including as defined in KCSiE 2025 Annex C.
- Ensure we have a nominated governor responsible for child protection/safeguarding.
- Ensure that we have a Designated Teacher for Looked After Children (LAC).
- Ensure every member of staff (including temporary, supply staff and volunteers) and the governing body knows the name of the Senior Designated Safeguarding Lead, their deputies responsible for child protection, and their role.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and their responsibility for referring any concerns to the Designated Safeguarding Lead, or to children's social care/police if a child is in immediate danger.
- Ensure all staff and volunteers are aware of the early help process and understand their role in making referrals or contributing to early help offers and arrangements.
- Ensure that there is a whistleblowing policy and culture where staff can raise concerns about unsafe practice, and that these concerns will be taken seriously.
- Ensure that there is a complaints system in place for children and families.
- Ensure that parents understand the responsibility placed on the school and staff for child protection and safeguarding by setting out its obligations in the school prospectus and on the school's website.
- Notify Children's Social Care if there is an unexplained absence for a child who is subject to a child protection plan and where no contact can be established with the child, or a parent or appropriate adult linked to the child.
- Develop effective links with relevant agencies and cooperate as required with their enquiries regarding child protection matters, including attendance at child protection conferences.
- Keep written records of concerns about children, even where there is no need to refer the matter immediately; documenting and collating information on individual children to support early identification, referral, and actions to safeguard.
- Ensure all records are kept securely; To effectively manage and record all safeguarding concerns, we use an electronic management and recording system called CPOMS (Child Protection Online Management System). This dedicated platform allows us to securely log and track every concern, no matter how minor, ensuring that a comprehensive and confidential record is maintained for each child.
- Ensure that we follow robust processes to respond when children are missing from education or missing from home or care.
- Develop and then follow procedures where an allegation is made against a member of staff or volunteer.
- Ensure safe recruitment practices are always followed.
- Apply confidentiality appropriately.

- Apply the LLRSCB escalation procedures if there are any concerns about the actions or inaction of social care staff or staff from other agencies.

Supporting children and working in partnership

- 19.1 We recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. We recognise that children who are abused or who witness violence may find it difficult to develop a positive sense of self-worth. They may feel helplessness, humiliation, and some sense of blame. The school may be the only stable, secure, and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication. We also recognise that there are children who are more vulnerable than others, which include children with special educational needs and or disabilities.
- 19.2 All staff including volunteers are advised to maintain the attitude of **‘it could happen here’** where safeguarding is a concern, and when concerned about the welfare of the child should always act in the **best** interests of the child.
- 19.3 Our school will endeavour to support the pupil through:
- Developing the content of the curriculum by embedding safeguarding themes across various subjects, particularly in Personal, Social, Health and Economic (PSHE) education, Relationships and Sex Education (RSE), and the computing curriculum
In these subjects, pupils learn about key topics such as:
 - Online Safety:** They are taught how to navigate the digital world safely, including how to protect their personal information, recognize online grooming and cyberbullying, and understand the importance of reporting inappropriate content or contact.
 - Healthy Relationships:** Pupils learn about the characteristics of healthy and unhealthy relationships with family, friends, and other adults. They are taught about consent, personal boundaries, and how to identify and respond to unsafe situations.
 - Wider Safeguarding Risks:** The curriculum also addresses other risks, such as drug and alcohol awareness, knife crime, and radicalisation, ensuring that students are aware of potential dangers in their community and beyond.
 - Maintaining a school ethos which promotes a positive, supportive, and secure environment, and which gives pupils a sense of them being valued.
 - The school behaviour policy, anti-bullying policy and child-on-child abuse policy which is kept up to date with national and local guidance and which is aimed at supporting vulnerable pupils in our school.
 - Our school will proactively ensure that all children know that some behaviours are unacceptable and will need to be addressed but as members of our school they are valued and will be supported through the time required to deal with any abuse or harm that has occurred, or outcomes from incidents.
 - At our school, we address concerns and provide support through a structured approach that prioritizes student reflection and well-being. Our **behaviour curriculum** is designed to give students the chance to reflect on their actions, understand the impact of their choices, and learn from their mistakes. This ensures that every disciplinary measure is also a learning opportunity, helping them to develop better self-regulation and social skills.
 - Liaison with other agencies that support the pupil such as Children’s Social Care (in line with the [Thresholds for access to services](#), updated in September 2021); [Leicestershire Inclusion Service](#) and [Education Psychology Service](#), and the [Children and Family Wellbeing Service](#), etc.

- 19.3 Ensuring that, where a pupil leaves and is subject to a child protection plan, child in need plan or where there have been wider safeguarding concerns, their information is transferred to the new school immediately or within **5 working days** and that the child's social worker is informed.
- 19.4 Ensuring that the vulnerability of children with special educational needs and or disabilities is recognised and fully supported by the DSL and DSL Team, SENDCOs, class teaching and teaching support staff.
- 19.5 Where a child discloses a concern or informs of an incident that has involved them in an incident involving sexual violence and or sexual harassment the staff member will ensure the child (victim) is taken seriously, kept safe and never be made to feel like they are creating a problem for reporting abuse, sexual violence, or sexual harassment.
- 19.6 Where a child discloses a concern or informs of an incident that has involved them in an incident involving sexual violence and or sexual harassment the staff member will ensure the child (victim) is taken seriously, kept safe and never be made to feel like they are creating a problem for reporting abuse, sexual violence, or sexual harassment.
- 19.7 The staff member if not the designated safeguarding lead will be informed immediately, and actions taken in accordance with the school's Child on Child Abuse Policy.

20 Staff and Safe Recruitment

- 20.1 The leadership team and governing body of the school will ensure that all safer working practices and recruitment procedures are followed in accordance with the guidance set out in KCSiE 2025 Part Three.
- 20.2 School leaders, staff and members of the governing body will be appropriately trained in safer working practices and access safer recruitment training.
- 20.3 Statutory pre-employment checks and references from previous employers are an essential part of the recruitment process. We will ensure we adopt the appropriate necessary procedures to carry out the checks required and where any concerns arise, we will seek advice and act in accordance with national guidance.
- 20.4 The school has in place recruitment, selection, and vetting procedures in accordance with KCSiE 2025 Part Three and maintains a Single Central Record (SCR), which is reviewed regularly and updated in accordance with KCSiE 2025 Part Three paragraphs 209 to 351.
- 20.5 Staff will have access to advice on the boundaries of appropriate behaviour and will be aware of the School Employee Code of Conduct, which includes contact between staff and pupils outside the work context. Concerns regarding low-level concerns will be included in our Code of Conduct from 1 September 2025 in line with KCSiE Part Four Section two. Staff are receive a copy of the Code of Conduct via email in August and must sign to say they have read it, and this is also available on the school Padlet for all staff to refer to throughout the year. The Code of Conduct is also summarised as part of the Staff handbook.
- 20.6 Newly appointed staff and volunteers will be informed of our arrangements for safer working practices by the DSL undertaking their induction, before beginning working and having contact with pupils.
- 20.7 In the event of any complaint or allegation against a member of staff, the headteacher (or the Designated Safeguarding Lead) if the headteacher is not present, will be notified immediately. If it relates to the headteacher, the chair of governors will be informed without delay. We will respond to all allegations robustly and appropriately in collaboration with the Local Authority Designated Officer (LADO), LADO Allegation Officers or HR Service.
- 20.8 Staff may find some of the issues relating to child protection and the broader areas of safeguarding upsetting and may need support which should be provided by the school and their Human Resources Team.

- 20.9 Advice and support will be made available by the Safeguarding and Compliance Lead (SCL), LADO and LCC HR where appropriate to the leadership team. Further support provided to DSL teams by the FHP Safeguarding Leader and the FHP Safeguarding Team
- 20.10 Newly appointed staff, volunteers, contractors and visitors receive an induction before working with or near to pupils.
- 20.11 Please Note: KCSiE 2025 Part Three: Alternative Provision – Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider meets the needs of the pupil.
- 20.12 All Alternative Providers will be agreed and confirmed with the Flying High Partnership. Written confirmation will be completed by the Senior DSL and the AP provider as part of a site visit and completion of the FHP Alternative Provision checklist and the Alternative Provision Transition Plan. This written confirmation will determine that all appropriate safeguarding checks have been carried out on the individuals working at the establishment. These members of staff will also be added to the school single central record.

21. Links to other policies

- 21.1 This policy, together with the following, should be read alongside and in conjunction with other policies and statutory guidance regarding the safety and welfare of children, including those adopted from Leicestershire County Council and the Leicestershire and Rutland Safeguarding Children Partnership (LRSCP).

The above together with the following will make up the suite of policies to safeguard and promote the welfare of children in this school

- Pupil Behaviour Policy
- Staff Code of Conduct (“Guidance for Safer working practice”)
- Anti-Racism Policy
- Anti-Bullying (including Cyberbullying)
- Physical Interventions/Restraint (DfE Guidances “Use of Reasonable Force” and “Screening, searching and confiscation”)
- Special Educational Needs and Disability

- Relationships Education, Relationships and Sex Education and Health Education
- Site Security
- Equal Opportunities
- Toileting/Intimate care
- Online safety
- Extended school activities

The above list is not exhaustive but when undertaking development or planning of any kind the school will consider the implications for safeguarding and promoting the welfare of children.

We will also refer to the Leicestershire and Rutland Safeguarding Children Partnership Policy, Procedures and Practice Guidance link: <https://lrsccb.proceduresonline.com/index.htm>

Raising Awareness - Roles and Responsibilities

- 21.2 All staff and volunteers: Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone in our school who comes into contact with children and their families have a role to play in safeguarding children. All staff in our school consider, always, what is in the best interests of children.
- 21.3 The Designated Safeguarding Leads (DSL) are appointed to make sure that schools adhere to their statutory safeguarding policies and duties. The DSL has a remit to oversee the whole matter of child protection, so their main functions are wide ranging. The management of referrals will see them pass on cases, which are deemed to be suspected abuse, to the relevant local authority children's social care. They also support other staff who are carrying out this duty. In cases which need to involve the Channel programme, the designated safeguarding lead should implement the above as they would with referrals. It's crucial for the person within the role also acts as a central point of contact, so that all other school staff can discuss any of their own concerns about a certain pupil, with the designated safeguarding lead then providing subsequent advice. Ultimately, they are required to constantly liaise with the three safeguarding partners, as well as all relevant school staff, to act as a source of support, advice and expertise. School and staff identify and report concerns, provide help for children, promote children's welfare and prevent concerns from escalating.
- 21.4 All staff within our school are particularly important as they are able to identify concerns early and provide help to children to prevent concerns from escalating.
- 21.5 All staff contribute to providing a safe environment in which children can learn by following the school's safeguarding and health and safety policies.
- 21.6 All staff contribute to enabling a safe environment both in and when out of schools on trips or extended learning opportunities through following risk assessments based on the school's safeguarding and health and safety policies.
- 21.7 All our staff are aware of the early help process and understand their role in this. This includes being able to identify emerging problems to recognise children who may benefit from early help. Staff know in the first instance to discuss their concerns with the Designated Safeguarding Lead and understand they may be required to support other agencies and professionals in assessments for early help.
- 21.8 At Launde primary School we employ a dedicated Inclusion and Community Coordinator who works outside of the classroom, engaging directly with children, families, and partner agencies on matters of attendance, safeguarding, and connecting parents with essential support services.
- 21.9 For support and advice, parents can directly approach our **Inclusion and Community Co-ordinator**, whose office is located in the Main Reception, or they can speak with their child's class teacher, who will then pass any concerns on to the Co-ordinator if necessary.

35.7 Ensuring there are procedures in place to manage allegations against staff and exercise disciplinary functions in respect of dealing with a complaint KCSiE 2025 Part Four Section One.

35.8 Ensuring that arrangements/procedures are in place to manage and provide clarity on the process for sharing 'low level' concerns, which should be referred to within the school/college

Staff Code of Conduct, (Allegations and concerns about a staff member that after initial consideration by the 'case manager' do not meet the criteria for a referral to LADO).

- 35.9 Ensuring a response if there is an allegation against the headteacher by liaising with the LADO or other appropriate officers within the local authority.

- 35.22 Be open to accepting that child abuse and incidents can happen within the school and be available to act decisively upon them.

36. Looked After Children – The Role of Designated Teacher (*maintained schools and academies*) and the Designated Safeguarding Lead

- 36.1 A teacher is appointed who has responsibility for promoting the educational achievement of children who are looked after. They have the appropriate training. The Designated Teacher will work with the Virtual School to ensure that the progress of the child is supported.
- 36.2 The Designated Safeguarding Lead will also have details of the child's social worker and the name of the Head of the Virtual School. The Designated Safeguarding Lead will work closely with the Designated Teacher, as we recognise that children may have been abused or neglected before becoming looked after. We will ensure their ongoing safety and wellbeing as well as supporting their education, through linking with their social worker, carers, and parents where appropriate.
- 36.3 We also recognise those children who were previously Looked-After potentially remain vulnerable and all staff will be informed of the importance of maintaining support for them

through our school,. As a school, we will continue to recognise the importance of working with agencies and take prompt actions where necessary to safeguard these children, who may remain vulnerable.

36.4 The Head of the Virtual school includes responsibility for promoting the educational achievement of children in kinship care. Therefore, schools should recognise that these children may require additional support to be successful in school.

37. Children with Special Educational Needs

37.1 We recognise that children with special educational needs (SEN) and or disabilities can face additional safeguarding challenges on and offline. Children with SEN and or disabilities are especially vulnerable when identifying concerns due to their impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening.

37.2 All staff are aware that additional barrier can exist when recognising abuse, neglect and exploitation for children with SEND and be more prone to peer group isolation or bullying (including prejudice-based bullying) than other children. They may not always show outward signs and may have communications barriers and difficulties in reporting challenges, especially involving exploitation or incidents involving child- on -child harm, abuse, or harassment and particularly where that harassment or harm is of a sexual nature. Our staff's vigilance will be a supporting factor to keeping all children safe.

37.3 Staff should consider extra pastoral support and attention for these children, along with ensuring any appropriate support for communication is in place. Further information can be found in the DfE:

- [SEND Code of Practice 0 to 25 years](#), and [Supporting Pupils at School with Medical Conditions](#).

37.4 Our policy reflects the fact that additional barriers can exist when recognising abuse, neglect, and exploitation in this group of children which include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration.
- children with SEN and disabilities can be disproportionately impacted by things like bullying, without outwardly showing any signs; and communication barriers and difficulties in overcoming their ability to disclose incidents or the risk of harm they feel subject to,
- addressing individual behaviour concerns and incidents considering the child's SEN and disabilities.
- recognising and having in place additional support for example to teach, advise, mentor and support children with SEND from online harms, hoaxes, bullying, grooming and radicalisation and enable them to have confidence and the ability to stay safe online, either in schools or outside the school environment.
- There are additional measures to safeguard children with SEND at Orchard. For example, our Intimate Care Policy, Medications Policy, Positive Handling Policy.

38. Acting where concerns are identified.

38.1 Our staff recognise the difference between concerns about a child and a child in immediate danger.

38.2 If staff have concerns about a child, they will need to decide what action to take. A discussion should take place with the Senior Designated Safeguarding Lead, to agree a course of action.

38.3 If a child is in immediate danger or risk of harm a referral will be made immediately to First Response and/or immediately to the police if at imminent risk of harm by the member of staff if required, with the Designated Safeguarding Lead being informed of the referral.

- 38.4 If a child chooses to tell a member of staff about alleged abuse, there are several actions that staff will undertake to support the child:-
- The key facts will be established in language that the child understands, and the child's words will be used in clarifying/expanding what has been said.
 - No promises will be made to the child, e.g., to keep secrets.
 - Staff will stay calm and be available to listen.
 - Staff will actively listen with the utmost care to what the child is saying.
 - Where questions are asked, this should be done without pressurising and only using open questions.
 - Leading questions should be avoided as much as possible.
 - Questioning should not be extensive or repetitive.
 - Staff will not/ should not put words in the child's mouth but will subsequently note the main points carefully.
 - A full written record will be kept by the staff duly signed and dated, including the time the conversation with the child took place, outline what was said, comment on the child's body language etc.
 - It is not appropriate for staff to make children write statements about abuse that may have happened to them or get them to sign the staff record.
 - Staff will reassure the child and let them know that they were right to inform them and inform the child that this information will now have to be passed on.
 - The Designated Safeguarding Lead will be immediately informed unless the disclosure has been made to them.
 - Information should be shared with children's social care without delay, either to the child's own social worker or to First Response. Children's Social Care will liaise with the police where required, which will ensure an appropriate police officer response rather than a uniformed response.
 - The Police would only therefore be contacted directly in an emergency or if a child is in immediate risk of harm, abuse, or danger.

Staff should never attempt to carry out an investigation of suspected child abuse by interviewing the child or any others involved, especially if a criminal act is thought to have occurred. The only people who should investigate child abuse and harm are Social Care, Police, or the NSPCC.

39. Confidentiality

- 39.1 We recognise that all matters relating to child protection are confidential; however, a member of staff must never guarantee confidentiality to children; children will not be given promises that any information about an allegation will not be shared.
- 39.2 Where there is a child protection concern it will be passed immediately to the Designated Safeguarding Lead and/or to children's social care. When a child is in immediate danger children's social care/the police will be contacted.
- 39.3 The Headteacher or Senior Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff, including the level of involvement of other agencies, only on a 'need to know' basis.
- 39.4 All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children. They are aware that the Data Protection Act 1998 should not be a barrier to sharing of information where failure to do so would result in a child being placed at risk of harm. Staff should refer to the DfE Data Protection guidance for schools (DfE, 2024b).
- 39.5 We acknowledge further guidance can be found by visiting Leicestershire and Rutland Safeguarding Children Partnership website: <https://lrsb.org.uk/>

40. Information Sharing

- 40.1 Effective sharing of information between practitioners and local organisations and agencies is essential for early identification of need, assessment, and service provision to keep children safe. Serious Case Reviews (SCRs) now known as Rapid Reviews (RRs) have highlighted that missed opportunities to record and thereby understand the significance of sharing information in a timely manner can have severe consequences for the safety and welfare and well-being of children (Working Together to Safeguard Children, December 2023).
- 40.2 We will adopt the information sharing principles detailed in statutory safeguarding guidance contained within:
- DfE KCSiE 2025 has several sections which provide clarity on information sharing processes and GDPR including within Annex C which makes clear the powers to hold and use information when promoting children's welfare.
 - Working Together to Safeguard Children 2023 paragraphs 28 to 33 and on pages 18 -20.
 - Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents, and carers (which has been updated to reflect the General Data Protection Regulation (GDPR) and Data Protection Act 2018.
 - Leicestershire and Rutland Safeguarding Children Partnership (NSCP) Policy and Practice Guidance.
 - Members of Staff, the governing body and trust have completed GDPR Information Sharing Training

41. Records and Monitoring [KCSiE 2025 paragraphs 66 to 68, Part Four, Part Five, Annex

41.1 We use **CPOMS** (Child Protection Online Management System) to maintain all of our safeguarding records, ensuring a consistent and secure electronic system for recording and monitoring every child's journey through the safeguarding system and their engagement with statutory agencies, including Social Care, Early Help, Police, CAMHS, Health, and other services.

41.2 Any concerns about a child will be recorded in writing within 24 hours. All records will provide a factual and evidence-based account and there will be accurate recording of any actions. Records will be signed, dated and, where appropriate, witnessed. Where an opinion or professional judgement is recorded this should be clearly stated as such. As well as keeping records of concerns, discussions and decisions, designated safeguarding leads should keep record of the rationale for any decisions made.

41.3 At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person; this type of behaviour could lead to the staff member being taken into managing allegations procedures. The body maps should be used in accordance with recording guidance and to support clarity for example of areas of injury, marks and bruising and or touching.

41.4 Any concerns should be reported and recorded without delay to the appropriate safeguarding services e.g., First Response or the child's social worker if already an open case to social care.

41.5 A chronology will be kept in the main school file prior to the commencement of a concern file. Staff, particularly pastoral staff, will record any minor concerns on the chronology and will take responsibility for alerting the Designated Safeguarding Lead should the number of concerns rise or, in their professional judgement, become significant. At the point at which a concern file (see below) is commenced then the chronology can be transferred to the concern file.

41.6 Our *school* will ensure all our files will be available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

42 Why recording is important

42.4 Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages from serious case reviews are in terms of recording and sharing

information. It is often when a chronology of information is pieced together that the level of concern escalates or the whole or wider picture becomes known.

42.5 Launde primary School uses CPOMs to record and store Safeguarding concerns

42.6 We acknowledge without information being recorded it can be lost. This could be crucial information, the importance of which is not always necessarily apparent at the time. On occasions, this information could be crucial evidence to safeguard a child or be evidence in future criminal prosecutions.

43 **The Child Protection (CP), Child in Need (CiN) or Confidential file**

[KCSiE 2025 Annex C pages 166 to 170 and paragraphs 68,102,122, 123, 540 and 543].

The establishment of a Child Protection, CiN or Confidential Safeguarding file, which is separate from the child's main school file, is an important principle in terms of storing and collating information about children which relates to either a child protection or safeguarding concern or an accumulation of concerns about a child's welfare which are outside of the usual range of concerns which relate to ordinary life events. It should be borne in mind that what constitutes a 'concern' for one child may not be a 'concern' for another and the child's particular circumstances will need to be taken into account for example if a child is subject to a child protection plan, CiN plan or has looked after status (LAC).

Professional judgement will therefore be an important factor when making this decision and will need clear links between pastoral staff and those with Designated Safeguarding Lead responsibilities in school.

43.4 A 'child protection' or 'confidential' file should be commenced in the event of:

- A referral to First Response/Children's Social Care.
- A number of minor concerns on the child's main school file.
- Any child open to social care.

43.5 The school will keep electronic records of concerns about children even where there is no need to refer the matter to First Response/Children's Social Care (or similar) immediately, but these records will be kept within the separate concerns file.

43.6 Records will be kept up to date and reviewed regularly by the Snr Designated Safeguarding Lead, to evidence and support actions taken by staff in discharging their safeguarding arrangements. Original notes will be retained (but clearly identified as such) as this is a contemporaneous account; they may be important in any criminal proceedings arising from current or historical allegations of abuse or neglect.

43.7 To ensure the security and confidentiality of all safeguarding records, access to our electronic safeguarding management system, CPOMS, is strictly limited. Only designated DSLs (Designated Safeguarding Leads) and DDSL (Deputy Designated Safeguarding Leads) have full access permissions, including the ability to view, create, and manage records. In the event that a member of staff who does not have a CPOMS login, such as support staff or lunchtime supervisors, needs to report a concern, they must immediately speak to a DSL or DDSL. The DSL or DDSL will then log the concern on CPOMS, working collaboratively with the staff member to ensure all details are accurately and promptly recorded. This process ensures that all safeguarding information is managed centrally and securely, maintaining a consistent and clear audit trail for every concern.

43.8 The 'confidential' file can be active or non-active in terms of monitoring i.e., a child is no longer LAC, subject to a child protection plan or EHAF and this level of activity can be recorded on CPOMS as a start and end date. If future concerns arise, they can be re-activated and indicated as such on the front sheet and on the chronology as new information arises.

44 **Transfer of child's child protection file, child in need, LAC, or confidential file (statutory requirement):**

- 44.4 Our school file transfer guidance contained in KCSiE 2025 and ensure when a child moves school/education provision their child protection/confidential file is sent securely to their new educational setting when the child starts/ leaves the school/academy.
- 44.5 For those children subject of social care and safeguarding agency involvement will ensure the file is able to evidence the child's journey and include key information as described in KCSiE 2025 should a child subject to social care involvement transfer schools, college, or education provider we will ensure the child's child protection or confidential file move is transferred within 5 days as required by KCSiE.
- 44.6 Our Senior DSLs will liaise directly with the receiving school, college or alternative placement and hold a discussion to share important information to support the child's transfer to ensure the child remains safeguarded, has any 'reasonable adjustments' agreed, and put in place and to ensure the changes experienced by the child are as smooth as possible to enable a positive integration experience and engagement with new staff and learning.
- 44.7 In accordance with KCSiE 2025 we will maintain information on cohorts of children who have been open to social care, have had a social worker or who are closed to social care and may have returned to the family home. This information will only be considered for sharing 'if appropriate' with the new school or provider in advance of the child leaving to allow for the new school to continue supporting the children who have had a social worker or been victims of abuse, including those who are currently receiving support through the 'Channel' programme.
- 44.8 When a child attends Alternative Provision the safeguarding file will remain with the child's school, the DSL must share relevant information to allow the Alternative Provision to safeguard the child.

[KCSiE 2025 Annex C]

45 **Recording Practice**

- 45.4 Timely and accurate recording will take place when there are any issues regarding a child.
- 45.5 A recording of each and every incident or concern for the child will be made, including any telephone calls to other professionals. These will also be recorded on the chronology and kept within the child protection file for that child, as over time they are likely to help identify any patterns or emerging risks and needs. This will include any contact from other agencies who may wish to discuss concerns relating to a child. Actions will be agreed, and roles and responsibility of each agency will be clarified, and outcomes recorded.
- 45.6 The chronology will be brief and log activity; the full recording will be on the record of concern.
- 45.7 Further detailed recording will be added to the record of concern and will be signed and dated. Records will include an analysis of the event or concerns and will take account of the holistic needs of the child, and any historical information held on the child's file.
- 45.8 Support and advice will be sought from social care, or early help whenever necessary. In this way a picture can emerge, and this will assist in promoting an evidence-based assessment and determining any action(s) that needs to be taken.
- 45.9 This may include no further action, whether an Early Help Assessment should be undertaken, or whether a referral should be made to First Response/Children's Social Care in-line with the Threshold for access to services published September 2021, or any later edition made available by Leicestershire and Rutland Safeguarding Children Partnership.

45.10 Such robust practice across child protection and in safeguarding and promoting the welfare of children will assist the school and DSL team in the early identification of any concerns which may require addressing further and the prevention of future harm, risk, or abuse.

45.11 The Designated Safeguarding Lead will have a systematic means of monitoring children known or thought to be at risk of harm (through the concern file and through an ongoing dialogue with pastoral staff). They will ensure that we contribute to assessments of need and support multi-agency plans for those children.

46 **Educating Young People – Opportunities to teach safeguarding** [KCSiE 2025 paragraphs 124 to 139, Annex A & Annex C Online Safety paragraph 140 to 150].

46.4 As a school we will teach children in an age-appropriate way about youth produced imagery, on-line risks associated with social networking to prevent harm by providing them with the skills, attributes, and knowledge to help them navigate risks, including covering online safety, remote learning, filters and monitoring, information security, cyber-crime, fake news, disinformation and conspiracy theories, reviewing online safety platforms and use of mobile technology. We will ensure appropriate filters and monitoring systems in place and regularly review their effectiveness.

46.5 The education we provide for online safety will take into account the need for children to learn using online technologies **to include generative artificial intelligence** in a safe environment whether that be in school, in the home or in a community environment. This will also be taught as part of a wider RSHE programme, as well as through other subject areas and ICT.

46.6 We will ensure a whole school approach is in place to promote giving children the space to explore key issues in a sensitive way and the confidence to seek the support of adults should they encounter problems or online harms, hoaxes or harassment including involving incidents of sexual violence and sexual harassment between children.

46.7 Pupils are not allowed phones or Apple Watches in in the classroom. Pupils hand mobile devices into the office on arrival, and collect at home-time. This ensures that our children do not have unlimited and unrestricted access to the internet via mobile phone networks (i.e., 3G, 4G and 5G) and reduces the need for filtering and monitoring.

46.8 Our arrangements will be regularly reviewed to address this additional area of safeguarding as technologies change on a regular basis and having access to smart technology could mean some children, whilst at school/college, sexually harass, bully, and control others via their mobile and smart technology, share indecent images consensually and non-consensually (via large chat groups) and view and share pornography and other harmful content.

46.9 Our school includes education about online safety and online bullying as part of the RSE, PSHE and Computing curriculum.

46.10 Parents are made aware of online safety to minimise the safeguarding risks technology can pose and where they can seek advice, help, and support through the school's website, curriculum sessions and newsletter which provides a specific online safety focus. Specific bulletins re: online safety as well as advisory letters are also sent out.

46.11 Pupils can access remote learning via TEAMS
