We are supporting
Safer Internet Day

5 Feb 2019

www.saferinternetday.org.uk

There will be assemblies delivered to the children on this very important subject. Staff will also be talking to their children about how to stay safe online. Do take this opportunity to discuss with your child the need for privacy settings as part of staying safe online. In addition it is important children know exactly who they are talking to when playing games and that you are able to monitor that as a parent. It is important that the children are on age appropriate games not adult games and that is all part of the staying safe on the internet week. On Launde's website there are a number of resources which will support you in talking to your child, click the link below or go to the Parent Zone, E-Safety section of the website.
